Scholastic Accomplishments and Educational Plans (please list & continue on a separate sheet if necessary):

After graduating from elementary school with very good grades, Michal continued his studies at the technical high school in Dubnica nad Váhom, where his main field of study is devoted to mechatronics. Following his results, there is a good chance that he will continue his studies at a Technical University.

During this year he actively participated in promoting the aeromodeling sport in his hometown Dubnica nad Vahom by giving speeches and interviews to local schools and newspapers. He works on a high school project, in which he plans to promote aeromodeling also to people and schools outside his region.

Aeromodelling Achievements up to the age of 21 (for example World or Continental Championships, National Championships, World Cups, Records, Technical Innovations. In the case of competitions, include the name, date, and location of each competition, the class and the position achieved.) (Please list & continue on a separate sheet if necessary.)
