description : (please print)

Zdravko Todoroski has, as only a few others, largely contributed to the popularization of Aeromodelling. In the last decades, Zdravko can be considered "a true organizer" of events of any kind. During his long and fruitful career, he managed and organized over forty category one and two events. Zdravko founded the famous "Prilep Cup" World Cup event in 2000, which has now a long and successful tradition for more than two decades, always highly visited. Continued with the "Macedonia Cup" which is equally famous to the Prilep Cup since 2012. He managed to successfully organize several World and European Championships, thus always delivering extraordinary competitions matching the highest standards.

Not only active in free flight, but as well in drone sports Zdravko is the main organizer in Southern Europe of the "Phoenix Drone Racing" event running since 2017. His activities as delegate and Education S/C member are actively contributing to the education of many young people not only in his home country, but in the whole region and the whole Aeromodelling community.

NAC Signature:

Biljana THERETTE *B. Todoroski*

President or Secretary General of nominating FAI National Airport Control
