CHIEF JUDGE'S STANDARD REPORT

Competition:	19th FAI World Parachuting Championships in Formation Skydiving and 14th FAI World Parachuting Canopy Formation Championships and 8th FAI World Parachuting Championships in Artistic Events
Event:	Artistic Event
Place:	Menzelinsk, Russia
Date:	31.7.2010-6.8.2010
Panel of Judges:	1
Equipment used:	Omniscore only for the Comp. Rd in Freefly
Details of the Judges' work: <i>(including judging statistics)</i>	Rejumps: 2 Average time for scoring one round: World Record: FF Rd 2 (Comp. Rd): UK1 made 19 points, followed by USA 1 with 24 points
Recommendations for Organisers:	Scoring system for AE must be ready and working on the first day of the Judges Conference
Rule Changes Proposals:	0
Personal remarks:	The competition site looked good and well organized. It has been great, that the accommodation has been directly on the DZ. (Although the competitors could not stay here.) Scoring system: We had trouble from the beginning. We had not been informed to bring our own laptops. Although most of us had one by chance, it came out that the WLAN Webpage would not work, because of the weak internet connection. After 2 days of testing and changing TV, wires, etc it showed that we could not start the AE event. I had a meeting with the Jury and we arranged that AE would start one day later. Even on the first competition day, the

	<p>problems could not be solved. We arranged our own score sheet and score system and told the Jury and Meet Director our concerns (esp the slowing down issue, because we had to work with paper, laptops and a copy machine) The judging panel, esp the EJ (without S. Wagner, there would be no scoring system at all) worked great and we made it as successful as possible for the competitors. (Although we only used Omniscore for the Comp Rd in FF, the Videos have been shown - without any scores- on a screen for the competitors. But because the judging happened late at night and competitors left for their hotels, they couldn't see most of the jumps) We could use the swedish Omniscore system for the comp rounds in FF, but we also had to wait sometimes (this also meant slowing down)</p> <p>Dubbing: The Dubbing from the competitors have been done in right order, but it took the personel at the Dubbing station up to 1 hour to hand us the DVD, because the dubbet different disziplines and worked on copying them later on. That caused a lot of slowing down for the AE judging.</p> <p>Even with all those troubles, we could finish the AE as the first diszipline on the Wedsnday.</p> <p>Comp.meeting has been hold on the 4th of Aug.</p>
<p><i>According to Sporting Code Section 5, 6.9.1 (11) this is to be sent to the Chair of the Judges Committee and the IPC Technical Secretary within 30 days of the competition completion.</i></p>
