### To hold the World Paraski Cup 2013

Dear Mr. G. Windsor!

Let us thank you for the great work that is made by IPC on the development of the parachuting in the world including such its discipline as paraski.

In order to promote and develop parachuting in Russia and Kemerovo region as well we appeal to you with a proposal to hold the World Paraski Cup in 2013 on the territory of the Kemerovo region.

Kemerovo region (Kuzbass) today is not an industrial but also socially oriented in physical culture and sports centre of Siberia with great sporting traditions. Sport is actively developed in Kemerovo region. We are proud of our sportsmen' sporting achievements. Our region has a great experience in organizing and holding on high level sport events. So in 2007 the 27<sup>th</sup> Bandy World Cup took place in the Kemerovo region.

Besides bandy, more than 80 kinds of sport as well as parachuting are developed in Kuzbass. 10 nation-wide competitions on parachuting have been planned in this year in the Kemerovo region. The place of holding such competitions is airfield "Tanay" that is situated near the same name ski resort.

The airfield "Tanay" that takes the 2<sup>d</sup> place in Russia according to its technical equipment and ski resort "Tanay" took the participants of Russia Paraski Cup in the February 2012.

For our part we guarantee the holding of the World Paraski Cup 2013 on a high level according to the compliance of all relevant safety measures and appropriate medical care for the participants.

Sincerely,  
Governor of the Kemerovo region

A.G. Tuleev

## Ski resort facilities

There is Tanay ski resort in the immediate vicinity of Drop Zone Tanay, which includes 7 ski runs of various difficulty levels and 4 lifts, one chair lift and 3 rope tows. Most importantly, in the conditions of an uncertain and unpredictable climate, Tanay can boast of the snowmaking system that ensures the necessary conditions for conducting competitions of this level irrespective of the snowfall.

For the purpose of the Giant Slalom event during the World Championship the best fitting slopes would be No 5 и No 1 (both are lighted; with vertical height of 250 meters, 1100 meters long and 40 meters wide). Also, as the need arises for more complex terrain arrangements, some additional routes for the ski runs can be examined jointly with the representative of the Commission. For the Giant Slalom event Drop Zone Tanay possesses all the required equipment that complies with international requirements and standards, all the slopes meeting the safety standards. In close proximity to the slopes there are warm shelters to ensure efficient work of the Panel of Judges and recreation of athletes between the events, - the so called service centres.

## Food services

Two restaurants : 60 seats indoors each.
