March 10th, 2003

Official bid to host the European or World Rally and Precision Flying Championships in 2005

Mr. President,

The Slovak National Aeroclub would be very honoured to host the European/World Rally and Precision Flying Championships in 2005 and present hereby their bid.

The Championships could be considered as one of the contributions to mark the occasion of 100th anniversary of the FAI foundation.

The planned location would be the airfield Dubnica and the period the first half of August 2005.

The airfield is very closed to the town of Dubnica /30.000 inhabitants/, in the west of Slovakia, 150km from Bratislava. There is a grass, 1100m long runway. All the facilities for the championships are located on the airfield and the facilities for the accommodation nearby. The town of Dubnica is familiar to all air sports supporters as the annual republic championships in Rally and Precision flying are regularly held here. In 1994 Dubnica was a host of the 8th European Gliding Championships in Club Class and in 2000 was a host of the 4th European Rally Flying Championships.

Complete information will be proposed to the next FAI-GAC Plenary Meeting in 2003.

PaedDr. Jan MIKUS
President
