## **CISM report to 76<sup>TH</sup> ISC Plenary**

### **1. CISM 2025**

Beginning of the year the Swiss Armed Forces organized the 5<sup>th</sup> Winter Games 23<sup>rd</sup>-30<sup>th</sup> March in Lucerne, Andermatt and Engelberg. As part of this competition the 2<sup>nd</sup> CISM Parachute-Ski Military World Championship took place.

It was a well prepared and organized meeting for the CISM family, and concerning parachute-ski we faced some unforeseen problem. We were unlucky because the weather, what is unchangeable by humans. Even this fact the organizers made good and understandable decisions when we faced the meteorological circumstances. All in all good atmosphere and good mood typify the competition. Seven nations were participate, 28 male and 4 female jumpers were attend. The result is: Big success

We accomplished a training seminar for beginners and licenced judges in May 2025 in Pisa, Italy. We have got 23 new qualified judges and 5 was refreshed.

The 47<sup>th</sup> CISM Military World Championship was held in Qatar, Doha 13<sup>nd</sup> -23<sup>th</sup> november. It was a very well organized event and unfortunately the weather situation was not proper to finish hole programm during the period. No any FAI records was broken during the period over there. During the World Championship we have got continued an interesting live judging and publishing system both for Accuracy and Style jumps and results. (Airshots and Intime)

ISC President Arberto Martin Paracuellos has attended the whole 47th WMPC, as last year in Hungary, and we could again confirm the good ISC-CISM relationship- Thank you Alberto.

CISM is also proud of many outstanding results and medals that our military athletes have achieved in 2025 during the FAI S&A EPC in Klatovy.

Results of 47th WMPC and the 5<sup>th</sup> Winter Games are available on
