

2014 F4 ANNUAL REPORT

ADMINISTRATION

- New Subcommittee Chairman (Graham Kennedy – GBR) following Narve Jensen's election to CIAM Vice President. Narve continues to provide invaluable support during the transition period.
- Full review of Subcommittee personnel underway with non-participating individuals to be replaced.
- Full review of each nations' expert and judges list to ensure accuracy of information
- Subcommittee Chairman judged and provided a scale workshop at the Greek National Championships

CHAMPIONSHIP REVIEW / UPDATE

FRANCE 2014

- Professionally and efficiently run championships with excellent groundwork made in areas of model processing and scoring – this should be the benchmark for future championships

ROMANIA 2016

- Initial jury and judging list has been discussed and a visit to the contest site and hotels is scheduled by the subcommittee Chairman

GENERAL

- No Continental Championships to be held in 2015
- Championship guideline document to be produced to ensure a higher standard of event is delivered
- Centrally controlled scoring programme and scoresheets to be agreed to achieve consistency, improved understanding and continual development from event to event.

CHALLENGES AHEAD

- F4 Subcommittee website to be developed to encourage interaction and ensure greater dissemination of information
- Website to include useful documents, standardised scoresheets and profiles of scale experts and judges
- Development of judges' seminars to increase qualified judging pool
- Continue to visit developing scale nations to encourage greater participation at the World Championships
- Full review of classes to ensure current list matches the expectations and interests of the scale population
- Encouragement of junior participation, including a workshop to be in operation at each championships to encourage local junior attendees
