

Nomination for CIVL Hang Gliding Diploma

Miklos Onody is the leader of the Hungarian National Paragliding Accuracy Landing Team. He was born on 6 December 1960. He is a civil engineer who lives in Kaniža at Serbia.

He is well skilled in all free flying sports, with and without engine too. He is the father of the Hungarian Paragliding Accuracy Sport and what is more, the creator of the first Paragliding Accuracy Landing Competition in Romania and Slovakia as well. In this discipline he is a respected FAI specialist who has organised many PGA contests and was a key person of these.

He is the man who implemented the idea of the Europe without borders with his activity of the sport co-operations in the Free Flying field.

We suggest him for the Hang Gliding Diploma of the CIVL.

Budapest, 9th of December 2011.

Sándor SIMON

Secretary General

Hungarian Aeronautical Association
