

Federación Argentina de Vuelo Libre

Buenos Aires, December 2nd 2011

Dear Mr. Agust Gudmundsson
CIVL President

As the Argentine Federation of Free Flight (Federación Argentina de Vuelo Libre - FAVL) we express our full support and commitment to the possible realization of the Paragliding Pan American Championship in 2014 in our country, Argentina. FAVL is aware of the relevance of this event, and is willing to support the organizers to make this event a success in our country. We have already worked along with the local club - Los Caranchos Delta Club - in several competitions such as 2007 World Cup and other national and international events, so we reckon it's ability to carry out this new challenge.

Best regards,

Juan R. Castillo
FAVL - President
